# 3. Young Water Researchers Symposium Aachen | YoWaReS 2019

16. December 2019 | RWTH Aachen University

## “Use and loads of water systems: from river to sea”

### Topic A: Hydropower

hydropower plants in river and sea | fish protection | offshore installations | pumped-storage plants

### Topic B: Water quality

groundwater pressures | pollutants /microplastic in river and sea | contamination | drug residues | agricultural inputs | municipal waste water

### Topic C: Landscaping and water extension

coastal protection | water development | shipping | erosion | climate change

## Plenary lecture:

“The dark side of hydropower - biological aspects in the use of this renewable energy source which are often kept secret”

Prof. Dr. Jost Borcharding (University of Cologne)

Early-stage researchers, advanced and postgraduate students from all water-related disciplines are invited to present their research work at YoWaReS 2019! Submit your abstract and present a poster or get selected for an oral presentation. Get connected with fellow young researchers and young professionals.

We welcome YOU to join us!

**Call for Abstracts:  
Open Now!**

Submission Deadline: 10.11.2019
